

Commissioner Lucius J. Cushman, Jr.

Lucius J. Cushman, Jr. has called Altamonte Springs home for 44 years and cherishes the memories he has created in this beautiful city. Lucius was born in Eustis and raised in Miami with a lovely mix of adopted and biological siblings. Growing up experiencing the love and support of this lively bunch inspired him to become a devoted family man. He has been married to his wife, Jackie, for 47 years and together they created a large, loving family with three children and eight grandchildren.

His family has given him the foundation and support to promote a successful career in engineering. After graduating from the University of Miami with a Bachelor of Science in Civil Engineering, Lucius moved to Altamonte Springs where he helped design projects within the City that aided in its growth and prosperity.

Lucius is a registered professional engineer licensed in Florida and North Carolina. He has worked for two privately owned engineering firms in Orlando and retired in January 2016 from the engineering firm of DRMP, Inc. after 32 years. During his tenure at DRMP, he was a Principal, Vice President and Treasurer for the Board of Directors. He has also given back to the community by volunteering for the City on several boards including the Municipal Planning Board, in which he has served for over 17 years.
